TO ALL OUR PARTNERS

Report n. 02 in relation to the recent developments of the Corona Virus in Northern Italy

Dear customers and suppliers,

In this moment of uncertainty, due to the Corona virus endemic COVID 19 in many European countries, MP3 believes that it is essential to state again that we are carrying on and intensifying all the actions necessary to protect the health and safety of employees, as well as continuity of production.

We inform you that, in line with the BRC indications, since the beginning of last week, we have activated a crisis committee which meets regularly to monitor and implement all the measures taken and thus guarantee a very high standard of control, prevention and risk management.

TRANSPORT

We have activated an internal procedure for the safe management of the drivers who come here to load and unload goods, to avoid possible direct contact with our employees.

The offer of means of transport from Italy to abroad and vice versa is slowing down: thanks to our consolidated network of loyal suppliers, MP3 has not had particular difficulties in guaranteeing the service in Italy and abroad.

If you have problems in the organization of collections of material in stock in our warehouse, we are at your disposal to support you in booking trucks.

DELIVERY OF SUPPLIES

At the moment we have had no delay in deliveries and no lengthening of the lead time for raw materials or components and accessories as well: we therefore believe that the situation is under control.

A subsequent report will be sent to you at the beginning of next week to keep you updated.

Best regards
General Director
Marcello Garagnani
